

How to get your ultra-low flush toilet (ULFT) rebate

1. Call the Rio Linda / Elverta Community Water District (RLECWD) representative (991-1000) to see if rebates are available and how much your rebate would be.
2. Purchase and install the new toilet(s). You must be replacing a toilet using three (3) gallons per flush or greater (a non ULFT) to be eligible.
3. You may install the toilet(s) yourself or hire a licensed contractor.
4. Return the original dated receipt and/or plumber's invoice with the price, model and brand of each toilet listed individually, and the completed application. Keep a copy for your records.
5. Submitting a signed application represents agreement to have the RLECWD verify installation of the toilet, with your accompaniment. RLECWD (or their representative) may schedule an inspection.
6. Rebates are up to **\$75** per toilet with a maximum of two toilets per household. Call RLECWD to verify the amount you are eligible for. Total rebate amount will not exceed money spent. Eligible expenses include 1.6 gallon per flush tank, bowl, seat, supply line, wax ring, caulking, bolts, bolt covers, tax, and cost of professional installation.
7. RLECWD issues rebate checks within eight to ten weeks of receipt of your completed application materials.
8. RLECWD or its representatives are required to send IRS form 1099 to the customer and the IRS when the rebates total \$600 or more.

Qualifications

1. Must be a sewer customer and provide us with their sewer account number. (effective 10/1/18).
2. Purchase of material must occur within the program period of **July 1, 2018 and June 30, 2019**.
3. The number of rebates is dependent upon the availability of program funds. Call the District to see if funds are available.
4. Toilet to be replaced was installed prior to 1994.
5. The location of installation must be served by RLECWD.
6. Residential, commercial, industrial, institutional and multi-family applicants are eligible.
7. Replacement of an ULFT with another ULFT is not eligible for rebate under the program.
8. New construction is not eligible for rebate under this program

Toilet Disposal

RLECWD will dispose of your old toilet(s). Please return toilet(s) to the District office at 730 L Street, Rio Linda for disposal.

Permitting

Building permits are not required when a customer simply removes and installs a toilet on existing plumbing. A permit is required when a plumbing fixture will be relocated.

Disclaimer

RLECWD reserves the right to deny an application of any participant who does not meet all requirements as outlined. RLECWD reserves the right to change the terms of this program at its discretion. RLECWD is not responsible for receipts or paperwork lost in the U.S. Mail. RLECWD cannot guarantee that the installation of the ULFTs will result in lower water utility costs. The number of rebates is dependent upon the availability of the program funds. Application will be processed, when all required information is provided by the applicant; on a first-come first-served basis.
