5/20/2026 – 7/20/2026 Billing Period

Reminder!

Bills will be mailed no later than July 31, 2026, for the period of 5/20/2026 to 7/20/2026. The free fee date is August 24, 2026. ** Late fee of \$6.00 will be applied to all outstanding bills on August 25, 2026. Also, please note that there is a \$50.00 charge for any after-hours turn on. **Payment arrangements can be made in the District Office or found on the district's website. Office hours are Monday through Friday, 7:00am to 4:00pm.

Payment arrangements must be made at least one day before the Free Fee Date. For this billing cycle, payment arrangements must be made by August 23rd.

Payments can be made online, <https://rlecwd.epayub.com/>, via postal service, and at the District Office's night depository slot found next to the main door for checks and money orders. The District offers **free** automatic payments directly from your bank account through ACH. The form to set up ACH can be accessed through the District website or by calling or visiting the District office.

Reminder, the District Office does **Not Accept Cash**.

Replacement Project

To improve the reliability of our water system, the Rio Linda/Elverta Community Water District will be performing valve replacement work throughout the District. This essential maintenance may require temporary water service interruptions in affected areas. We will make every effort to provide customers with as much advance notice as possible and will place notification tags at your property. Please be aware that these tags may be hung on front doors, gates, fences, or other accessible areas outside your home. We appreciate your patience and understanding as we complete these important system improvements and apologize for any inconvenience this work may cause.

We're Hiring - General Manager

The District is seeking a qualified and motivated General Manager to lead our District and serve our community. This is an exciting opportunity for an experienced professional to oversee District operations, work with the Board of Directors, and help guide the future of our water system. Applications are being accepted through October 15. If you or someone you know is interested in the leadership opportunity, please visit our website for the complete job description, qualifications, and application instruction.

Conservation Tip of the Month:

Water your lawn only when it needs it. If footprints remain visible after walking across the grass, it's time to water. Watering deeply but less often encourages healthier roots while saving water.

Seasonal Water Tips

As the seasons change, so do your landscape's watering needs. During the warmer months, water your lawn and plants in the early morning or late evening to reduce evaporation and help moisture reach the roots. Check your irrigation system regularly for leaks, broken sprinkler heads, or overspray onto sidewalks and driveways. As temperatures cool in the fall and winter, reduce your watering schedule to avoid overwatering and conserving water. Making small seasonal adjustments throughout the year helps protect our water resources, keeps your landscape healthy, and can lower your monthly water bill.

Need More Time to Pay

If you're experiencing a financial hardship, the District offers payment arrangements to help you stay on track. Eligible customers can spread their past-due balance over a period of up to six months, while simply keeping the recurrent bi-monthly water bill paid on time. Payment arrangements must be made before your payment due date, and small portion payment is required to begin the agreement. Your portion of payment can be as little as \$5, with the remaining past-due balance divided into affordable bi-monthly payments based on what works for your budget. If you think a payment arrangement could help, please contact the District office or complete the Payment Arrangement Form available on the District's website. We're committed to working with our customers to find solutions during difficult times.
